OBJECTIVE

With a passion for professional growth and continuous learning, I am seeking opportunities to contribute my skills and knowledge as well as enhance my knowledge through a practical and challenging environment.

My goal is to thrive in a professional setting, where can not only apply my existing skills but also learn the latest technologies and knowledge to have chance to become a senior backend/fullstack developer. I am always open to embracing new challenges and am committed to enhancing my capabilities.

SKILLS

Programming

- Backend: C#, Java, Golang
- Fronend: HTML/CSS, JavaScript, TypeScript, ReactJs, Ant Design, TailwindCSS
- Framework: Spring, .Net Core, ASP.NET
- Tools: Docker, Unity, Git, SmartGit
- Database: SqlServer, MySql, PostgreSQL, Redis, Firebase, MongoDB, Azure Database
- Others: RabbitMQ, Ocelot Gateway, Stripe, Microservices

Additional languages

- **English:** Ability to read, understand documents and communicate English well
- **Japanese:** Basic greetings

WORKING EXPERIENCE

GPlay Studio

9/2022 - 5/2023

:

POSITION: UNITY DEVELOPER

- Participate in building and developing Hyper Casual game projects.
- Add new features and fix bugs of the existing projects.

KNOWLEDGE LEVERAGED:

- C#, Unity, Git, SmartGit, Firebase

PERSONAL PROJECTS

Quizlet

9/2023 - 11/2022

WEB APPLICATION

- Led a development team of 2 members to develop a website based on Quizlet website.
- Apply microservice architecture to build different services with .Net Core and ASP.NET Webs API and develop interface for user by ReactJs.
- Knowledge leveraged: .Net Core, ASP.NET Webs API, HTML/CSS, JavaScript, ReactJs, Sql Server, Azure SQL Database
- Github backend: github.com/HaNgocHieu0301/aspnetAPI-quizletclone
- Github frontend: github.com/HaNgocHieu0301/react-quizletclone

Mango Shop

9/2023 - 11/2023

WEB APPLICATION

- Apply microservice architecture to develop a web application that allows users perform functions to place orders as well as management functions from admin side.
- Knowledge leveraged: .Net Core, ASP.NET Webs API, ASP.NET MVC, HTML/CSS, JavaScript, Sql Server, Ocelot, RabbitMQ, Stripe, Ms Azure
- Github: github.com/HaNgocHieu0301/aspnet-mcsv-MangoProject

EDUCATION

10/2020 - Present

SOFTWARE ENGINEERING

FPT University

GPA: 8.7/10

AWARDS & CERTIFICATIONS

2020

- FPT University Scholarship.

2020 - 2023

- Excellent, very good student in all semesters.

2020 - Present

- Online course certifications (Attached in LinkedIn)

ACTIVITIES

10/2021 - 12/2021

EASYCODE-EZC PROJECT

Leader

- Build and design materials to support FPT students in learning the C programming language.

2020 - Present

FPTU VOVINAM CLUB

Member

HOBIES

- Coding
